

We are writing to provide additional guidance regarding committee meetings, the March BOD meeting, and use of our exercise room.

At this time, Committee Meetings can be held as long as the number of individuals in the meeting are less than 10, all individuals are currently healthy, and some distance can be created between participants. As an alternative, meetings can be held remotely using GoToMeeting. If you would like to use GoToMeeting, please contact Lee Conwell.

We will be holding the March Board of Directors meeting as planned on Friday, March 27. The Directors will be located in the River Club House and a small number of owners will be able to attend in person and other interested owners will be able to connect via GoToMeeting. In order to plan appropriately, it would be helpful to know how many owners would like to attend. There is a sign-up sheet for the Board meeting located on the activities wall. If you could please sign up if you are interested in attending, it will help us plan appropriately. We do want owners to attend as much as we can accommodate. It is important however to stay home if you are sick and also be thoughtful about your own personal situation and what precautions you should take.

Finally, although gyms across the country are closing their doors, we would like to keep our exercise rooms available to those who want to use them. Because heavy exercise produces a greater degree of exhalation, we ask that given the small size of the room with the treadmills, only one person at a time use this room and please clean the equipment well before and after use. For the larger room with the weights, please keep at least 6 ft. between users while working out and clean bar handles and weights before and after use. Consider your own personal situation when deciding to use these exercise spaces.

This is an unprecedented time for our resort and our country. If we work together, we can continue to utilize our recreational spaces and help each other to manage this difficult situation
